OUR CLUB

Scunthorpe Rugby Union Football Club (SRUFC) founded in 1929, is steeped in tradition and is the premier club in Lincolnshire. We are a proud family orientated Community Club providing excellent facilities to a player base of over 400 made up of Senior, Colts as well as thriving Women's and Mini-Junior sections.

We have a strong club ethos and the majority of our 1XV have come from the youth sections and indeed a number of Scunthorpe players have represented our Club at County, Regional and International Level.

Our main playing facility is based at Heslam Park Scunthorpe and we are very fortunate in having an excellent secondary facility at Oglesby Park on Burringham Road, Scunthorpe.

We are extremely grateful for our sponsors support which plays a vital part in our ability to continue to maintain the facilities required to provide the opportunity for so many of the children and young people of North Lincolnshire to learn how to play and enjoy rugby.
